

familywizeSM PRESCRIPTION DRUG DISCOUNT CARD

Brought to you by:

United Way
of Roanoke Valley

As part of United Way of Roanoke Valley's continuing commitment to increase the number of uninsured and underinsured individuals who are able to access healthcare services (Health and Self-Sufficiency impact area), we are proud to be partnering with FamilyWize community service partnerships to bring prescription drug discount cards to assist individuals and families in the Roanoke Valley.

- **What is FamilyWize?** FamilyWize is a free resource that offers immediate discounts on prescription drugs at participating pharmacies. It is not insurance. The goal of this community partnership is to reduce the cost of medicine for children, families and individuals with no prescription drug coverage by \$100 million in five years. The discounts and savings are provided voluntarily by the more than 53,000 participating pharmacies that have agreed to accept this card. Please remember to thank them for their participation and the difference they are making for you, your family and for your community when you fill your prescription.
- **Who can use this card?** The card is for anyone without health insurance or prescription drug coverage. It can be used for any medicine not covered by insurance, Medicaid and Medicare plans. Prescription pet medications purchased at a pharmacy are also covered. It can be used as often as you need, for any prescription, for everyone in the household.
- **How does it work?** You simply present a FamilyWize card with each prescription from your doctor to the participating pharmacy at the time of purchase to receive your discounts. You always receive the lower of the discounted price or the pharmacy's retail price. Cards cannot be used in conjunction with any other prescription card. The average savings for card users has been 39.1% or \$19.98 per prescription.

There is no cost to the community or people who are getting the cards. Cards are valid for all family members living within the household. There are no eligibility, age requirements, waiting periods, enrollment or paperwork. No personal information collected or shared.

- **Which pharmacies accept these cards?** 95% of all U.S. pharmacies are currently participating in this program. Cards are accepted at all chain pharmacies and most independents. More than 520 United Ways across the country have already participated in this program and it has resulted in a savings to date of \$5.4 million towards the program goal of \$100 million. Please visit www.familywize.org to see a list of participating local pharmacies and discounted drug prices.
- **Where can I get a discount card?** Individual cards are being distributed through United Way of Roanoke Valley, its partner agencies and other community organizations. They are also available at or behind the counter of participating local pharmacies. You can also cut the printed card on this sheet, print from the FamilyWize website: www.familywize.org or make a copy of an existing card for someone else.
