

UNITED WAY INITIATIVE: HEALTHY ROANOKE VALLEY

Preventable illnesses make up approximately 90% of all healthcare costs.

Many local households do not have access to the care they need to stay healthy, avoid or delay the onset of disease, and reduce health care costs. About 50% of Roanoke Valley adults have not seen a dentist in the past two years, 25% suffer from depression or anxiety, and many have no access to supermarkets or large grocery stores.

Our mission is to mobilize community resources to improve access to care, coordination of services, and promote a culture of wellness.

Our Solution:

- Fresh Foods Rx
- Develop a Pathways Community HUB
- Improve the value and perception of oral health in our community
- Sponsor mental health trainings
- Assist in development of shared database for healthcare partners

Help us improve the health of everyone living in the Roanoke Valley. Visit www.healthyrv.org for more information.
